VOLUME 98—NUMBER 89

NEWARK, OHIO, FRIDAY EVENING, NOVEMBER 7, 1919

DRYS CLAIM U. S. DRY CLAUSE SAFE TWO OTHERS WON

With Ten Counties Out, Wets Have 9000 Lead On Ratification.

THESE COUNTIES GAVE ONLY 8000 MAJORITY IN 1918

Wets Claim Amendment Is Defeated by 2,500 to 5,000.

Columbus, Nov. 7.—Fate of the federal prohibition amendment was made more uncertain today as additional returns from Tuesday's election were received at the office of the secretary of state. Complete unofficial and official returns from all but 10 counties gave the wets a lead of 9,154 against the amendment. The ten missing counties a year ago gave dry majorities of 8,227. The vote in the 18 counties on the federal prohibition amendment was: For ratification, 461,926. Against ratification, 471,080.

Majority against ratification in favor of the wets 9,154. On the three remaining proposals the drys apparently have been successful on two and the wets on the other. The dry victories, which were conceded by wet leaders, are on the 2.75 beer proposal and the proposition to repeal state wide prohibition. Both these proposals apparently have been defeated by majorities ranging from 15,000 to 30,000. The wet victory was scored on the Crabbie state prohibition enforcement measure which probably has been defeated by more than 30,000. Dry leaders concede its defeat.

James A. White, manager of the Ohio Dry Federation, says the official vote will show that the federal prohibition act has been ratified by a safe majority. L. H. Gibson, manager of the Ohio Home Rule association (wet organization) says the federal amendment has been defeated by from 2,000 to 5,000 majority. Chief statistician Johnson of the secretary of state's office, while admitting that it probably will take the official count to decide the fate of the proposal, still maintains that it will be ratified by a small majority.

The vote in the 18 counties on the other proposals follows: Amendment legalizing sale of 2.75 per cent beer: For the proposal, 443,293. Against proposal 461,053.

Majority against, 17,760.

Proposal to repeal state wide prohibition: For the proposal 431,353. Against proposal 458,200.

Majority against 26,847. Crabbie state prohibition enforcement act: For the proposal 443,526. Against proposal 471,246.

Majority against 27,720. The missing counties are all heavily dry.

State dry headquarters today admitted the probable defeat of the Crabbie bill and said the vote on ratification will be close. The result of the refusal of Ohio voters to sanction the Crabbie act leaves the state without laws enforcing state prohibition provided for in the amendment to the state constitution, with the exception of such laws as are now on the statute books. These, dry leaders claim, are inadequate.

With the exception of such statutes enforcement of prohibition will be up to the Federal authorities. No state machinery is provided. J. A. White, head of the Anti-Saloon League, wouldn't concede defeat of the Crabbie act last night.

"If it is defeated, however," he said, "we will have been successful exactly in the order of the importance of the measures. We regard the repeal amendment the most important, the beer amendment second, ratification third and the Crabbie act the least important."

L. H. Gibson, manager of the Ohio Home Rule association at Cincinnati last night claimed to have complete figures from all except Harrison, Lawrence and Mercer counties, showing a wet lead of 9,766 on ratification. He contended dry majorities in the three counties would not overcome this lead. Gibson's figures showed the repeal amendment licked by 30,000 and the beer proposal by 20,000.

WETS CLAIM 7000 LEAD ON DRY ACT

Cincinnati, Nov. 7.—At the headquarters of the Ohio Home Rule association in Cincinnati these unofficial election figures were given out early today. On ratification of the federal constitutional prohibition amendment, only Harrison county missing: For 487,768. Against 494,649.

The association estimates that the Crabbie act is defeated by 30,000, that state wide prohibition is approved by a majority of 28,000 and that the 2.75 per cent beer proposition is lost by 22,000 to 24,000.

BELIEVES FIGURES ARE INACCURATE

Youngstown, Nov. 7.—Myron Ullman, clerk of the election board here, said today that the figures on the prohibition vote at given out from the office of the secretary of state and published in morning papers give Mahoning county's majority for ratification of national prohibition as 2,522, when the figures he telegraphed were 1,846 for ratification. He also says that Stark county is credited with only 4,032 for ratification when it is given 12,635 against the Crabbie act. He believes that 10,000 has been dropped from the Stark vote.

SAYS AMERICA GAVE FOE CODE TO ENTENTE

Berlin, Thursday, Nov. 6.—Dr. Alfred Zimmermann, secretary for foreign affairs during the war, caused a mild sensation during today's session of the national assembly committee investigating the war when he admitted that the German authorities had been suspicious that their code, which had been made known to the American authorities, was betrayed to the entente by the United States government.

(The reference is to the special code which the American government permitted to be used in wireless communication with the Washington embassy, a copy of which was furnished to the state department.)

Count Bernstorff when asked regarding these suspicions, said at first that he could not swear that these wireless messages had not been communicated by the United States government to the entente, but later declared under oath that he had never known of such treachery.

CLOTHING WORKERS ARE BLAMED FOR PRICES

Chicago, Nov. 7.—Present high prices for mens' ready-made clothing today were blamed on the Amalgamated Clothing Workers of America, by Nicholas Michels, assistant state attorney, in whose hands were books and records of the organization taken in a raid yesterday on its headquarters. More than \$500,000 as "fines" and "settlements" was taken from clothing manufacturers by the union, the states attorney's offices charged. They called strikers for their own grain, it is alleged.

The organization is said to have more than 150,000 members dominating the clothing industry at Chicago, New York and Rochester, New York, the three clothing centers.

Various small factories and shops were driven out of business and the entire industry was compelled to pay tribute, according to Mr. Michels. "One demand of \$3,000 was paid by a Chicago firm," he said. "It was paid in three monthly installments. This and other amounts varying from \$500 to \$1,000 were paid to the credit of individuals, not to that of the union."

"These demands were made in the guise of 'fines' or 'penalties.' The employees got the benefit of the strike demands and the officials got the settlement money."

In this connection Mr. Michels said a strike was planned soon in a nationally known clothing factory, for a four week, and 2 per cent of the manufacturers profit as a settlement was adopted.

Mr. Michels said he had not requested any arrests but would seek a number of indictments after he had conferred with manufacturers and some of the union leaders.

MORE MINES OPEN IN WEST VIRGINIA

Charleston, W. Va., Nov. 7.—Resumption of operations by mines closed down by the miners strike has risen considerably during the past two days, according to reports received here today. Forty-five mines throughout the state which were tied up at the beginning of the walkout were reported working today. This is a gain of one since Wednesday. Most of the mines are non-union and production in the aggregate is small, however, and mine union officials declare they have been no break in the strikers ranks.

WHERE THE MINE STRIKE HITS FIRST—AND HARDEST

While the strike of over 400,000 bituminous coal miners affects the entire country, the people that it hits first—and hardest—are the

families of these miners. Each day that the men remain on strike brings his families nearer want. The picture above shows a typical

village of shacks located around the mouths of the mines closed by the strike. The village shown houses 500 miners.

WILL STAND FOR RESERVATIONS IF DEADLOCK COMES

President Tells Hitchcock That League of Nations Must Remain.

APPROVES COURSE TAKEN BY SUPPORTERS OF TREATY

Is Willing to Accept Any Changes They Deem Necessary.

Washington, Nov. 7.—In the first test of strength on the reservations to the peace treaty proposed by the foreign relations committee the senate refused today, by a vote of 48 to 40 to strike out the provision which would require acceptance of reservations by the other powers.

Senator McCumber, North Dakota, was the only Republican who voted to strike out. Three Democrats, Reed, Missouri; Walsh, Massachusetts and Gore, Oklahoma, voted with the Republican majority.

By the same vote and with the same partisan alignment, the senate rejected another amendment, offered by Senator McCumber, to the preamble proposing that acceptance of reservations "be" effected by exchange of diplomatic notes. The committee preamble requires such an exchange of notes.

The senate also rejected a proposal by Senator Borah, Republican, Idaho, to require that all four instead of three of the great powers be requested to accept the reservations. On this vote the mild reservationists of Republicans swung over the Democrats.

Washington, Nov. 7.—President Wilson today told Senator Hitchcock of Nebraska, administration leader in the treaty fight, that he was entirely satisfied with any reservations supporters of the treaty might feel justified in accepting, provided they did not nullify the League of Nations covenant and were designed for the purpose of interpreting the terms of the treaty.

The President, Senator Hitchcock said, expressed strong approval of what had been done to date and agreed that no compromise would be offered unless a deadlock was reached on a resolution of ratification. Hitchcock outlined his program as first, an endeavor to defeat the reservations reported by the foreign relations committee and if that failed, to vote down the resolution of ratification. He next move would be to present a resolution of ratification and should a deadlock ensue, to attempt a compromise with Republican opponents.

Senator Hitchcock said if a resolution of ratification containing the committee reservations were adopted that would settle the fight so far as the senate was concerned, but that the President could pigeon hole the treaty. He declined to speculate as to the probable course of the President should the committee resolution prevail.

Mrs. Prelutsky said he had the appearance of a clerk or professional man although he said he wanted work in a shop. He left the Prelutsky home Wednesday afternoon saying he had secured a job caring for a doctor's automobile.

ATTEMPT TO DYNAMITE KNOXVILLE STREET CARS

Knoxville, Tenn., Nov. 7.—Major General Lewis, commanding federal troops in Knoxville is investigating three attempts to dynamite street cars manned by non-union crews and the firing into a car during the past 24 hours. Two of the attempts to blow up cars failed because dynamite placed on the tracks was not primed with percussion caps. The third attempt was more successful, a dynamite explosion shattering glass in a passing car and demolishing the tracks. No one was injured.

Yesterday marked the first attempt of the street railway company to resume night schedules since the strike of its conductors and motormen several weeks ago, although daylight service was resumed a few days after the strike was called.

GOVERNMENT FIRM IN DEMAND THAT STRIKE BE ENDED

Cabinet Discusses Coal Miners' Walkout at Called Meeting.

LABOR LEADERS CALL ON ATTORNEY GENERAL PALMER

Officials Apparently Prepared For Long Shutdown of Mines.

Washington, Nov. 7.—The strike of bituminous coal miners and the industrial situation in general was discussed by President Wilson's cabinet at a meeting called by Secretary Lansing of the state department. Fuel Administrator Garfield and Director General Hines of the railroad administration were present.

Before the cabinet assembled administration spokesmen reiterated that the government was unalterably opposed to the proposal of Samuel Gompers, president of the American Federation of Labor that the injunction suit against the United Mine Workers of America be withdrawn as a preliminary to the ending of the strike and the negotiation of a new agreement between miners and operators.

Officials said that the government's offer to arbitrate the controversy as soon as the strike order was withdrawn was open and that unless it was accepted and the strike ended there was no course for the government except to press the injunction suit.

Before Attorney General Palmer went to the cabinet meeting, Samuel Gompers, president of the American Federation of Labor called on him and was informed that the government had not altered its decision to press injunction proceedings unless the strike order was withdrawn.

Mr. Gompers expressed the opinion that a settlement of the strike could

not be reached if the government enforced legal measures against the strike. He also again called attention to what he said would be the effect of government by injunction upon organized labor generally.

Officials in direct touch with the strike situation apparently were preparing for a prolonged shutdown of the mines. While the railroad administration central committee would not divulge details of its work, members admitted that arrangements were being made for full conservation of fuel should the strike become a "bitter end" fight.

The decision to deny coal to foreign ships was accepted generally as providing much additional fuel for domestic purposes.

In West Virginia miners continue to return in small numbers to the union shafts according to reports. The non-union miners were being given every encouragement also to increase their output and officials reported that production was increasing satisfactory. In some quarters the belief prevailed that the strike on the edges of the solid union districts was losing its force. The opinion was expressed that the walkout in such areas was largely one of sympathy and a gradual defection of those miners from the union ranks was predicted.

When Mr. Palmer left the cabinet meeting, he reiterated that the injunction proceedings would be withdrawn the instant the officials of the miners' union called off the strike. Mr. Palmer hurried to his office, where he was to have another conference with Gompers, Wolf and Morrison. None of the members of the cabinet would say what transpired at the meeting.

The Federal government purposes to press its petition for a temporary injunction and request for an order requiring the officers of the United Mine Workers of America to call off the strike of 425,000 soft coal miners of the United States at the hearing tomorrow before United States District Judge A. E. Anderson, according to reliable information here today.

RUSS WRESTLER IS DISQUALIFIED

Rough Tactics Bring End to First Match With Bowser—Attempts to Strangle Newark Man.

The Bowser-Michaloff wrestling bout at the Auditorium last night ended with the disqualification of the big Cossack after 23 minutes of a grueling

match. For the first ten minutes the big Russian, who weighed in at 220 pounds, gave a fine exhibition of the game but when he became aware that he could not pin Bowser's shoulders to the mat he started in with the rough stuff and for the next 13 minutes the crowd witnessed the dirtiest exhibition of wrestling that has ever been staged in Newark. The Cossack tried to squeeze Bowser into unconsciousness by his overpowering strength. Then he bit, clawed, gouged, kicked and twice had the deadly strangle hold on the local champion.

Bowser, on the defensive, proved that he had the staying qualities by taking painful punishment but he fought back and after the Cossack secured the second strangle hold it was necessary for Referee Vance Wallace to put his hands over the big fellow's

mouth and nose, shutting off his wind. It was poleaxed in no time and the stage could pry him loose from his opponent. Michaloff completely lost his head and was like a madman as he roared that there was no match for the middleweight champion.

He was disqualified after 23 minutes and 20 seconds of the roughest work on the mat ever witnessed in the city. The preliminaries were interesting and greatly enjoyed by the fans, the house being about half full on the lower floor and top heavy above. The first bout was between Johnny Bergen, weighing 135 and Arthur Skeen 130. These two boys proved that they are more than clever and well versed in the game. Skeen won the first fall in six minutes with a double arm lock and the second one in one minute with a body scissors and arm lock. The match was limited to 10 minutes.

The second match was one of the best seen at a local bout. It was between Bill Gallagher of this city, tipping the beam at 144 pounds and Walter Hamilton of Columbus at 145. These two boys demonstrated that they are ready for the professional class at any time and they delighted the fans from start to finish. The local favorite, Gallagher, won the first fall in 15 minutes with the double arm lock and the second in 3 minutes and 30 seconds in one minute after he had his man in a body scissors. The match was best two in three to a finish.

Then the announcement was made that Michaloff would fight any one whom he could not throw in 15 minutes and the first to try conclusions was Clarence Miller, who stayed with the foreigner for 3 minutes and 13 seconds. Whitney DeLong tried to copy the fifty and lasted just one minute and three seconds.

The main event followed Michaloff agreeing to throw Bowser within the time limit of one hour or lose the match and forfeit \$50. After the crowd had left the theater a hundred or more remained outside the building but there was no demonstration and the big Cossack was not molested as he left for his hotel.

MRS. T. G. BAKER CALLED BY DEATH

Wellknown Granville Woman Dies at Her Home After Protracted Illness.

Granville, Nov. 7.—The death of Mrs. Theodore G. Baker occurred Thursday night at her home in Granville following a lingering illness of 18 months' duration. Funeral services will be held in the home Sunday afternoon at 2 o'clock with Rev. Emmanuel Breeze of the Presbyterian church officiating. Burial will be made in Maple Grove cemetery.

Lucey S. Page-Baker was a Granville woman having resided all her life in or near the village and having received her education, both academic and musical, at the old Granville Female college, in those days considered the best woman's school west of the Alleghenies. She was born September 12, 1848 on the farm on the Columbus road, owned by her father, the late L. D. Page, and on January 1, 1872, she was united in marriage to Theodore G. Baker. Until 1901 the couple resided on the old Baker farm, southwest of Granville, since which time they have occupied the house in West Broadway. Mrs. Baker was a member of the Presbyterian church for more than 40 years. She was a brilliant pianist and possessed a pleasing voice which she used only for the pleasure of her own home circle. She survived by her husband and by two sisters, Mrs. Y. L. Geach and Miss Grace Paige of Los Angeles, California, the latter having been in constant attendance at her bedside since March. Mrs. Jessie M. Smith of Bowling Green, sister of Mr. Baker, is expected to arrive today.

The Festival association more than fulfilled all its promises to its patrons in the opening concert Thursday evening in the Metropolitan Opera company, as the large audience assembled acclaimed her the most finished artist ever heard in this village. For a voice of wonderful depth and richness, Miss Ingram unites an exceptional beauty of person and the indefinable quality of charm and magnetism which can hold an audience spellbound with the best sound of her magnificent voice. It seemed incredible that such tones could proceed from the slim girlish creature before them. The program fully met the exacting requirements of the audience and frequent encores. Prof. M. E. Stickney, before introducing the singer announced the annual presentation of "The Messiah" for the Christmas season and invited all who can sing to join the chorus which will rehearse every Monday evening from 6:30 to 7:30 in Recital Hall.

Many out of town people were noted here and there in the audience, among them Mrs. G. D. Arndt or Mr. Vernon whose husband was at one time a practicing physician in Granville. Mrs. R. W. Soule who has been traveling with her husband, now singing with an opera company, Mrs. Josephine Hamill of Newark, with her young daughter, Mrs. Carson of Burlington Iowa, formerly Miss Louise Cook; Miss Dora Hageman of Newark.

The next attraction on the course was announced as Harold Henry, pianist, on December 11th. At the regular meeting of Center Street No. 11 P. and A. held Thursday evening, the election of officers for the ensuing year resulted as follows: H. W. Deming, W. M.; W. A. Barnes, S. W.; Thomas Phillips, J. W.; T. G. Baker, Secretary; L. A. Austin, treasurer; Eli Fredrick S. E. Ed. Richards, J. D. William Carpenter, Tyler. Jesse White of Salt Lake City, Utah a former Newark resident and Denison student, has severed his business connections in the west and expects to locate with his family in or near Granville. His son, Langdon White, who is a student in Denison served overseas her home in West Elm street, this afternoon for a reception of Delta Omicron (the musical society) and friends.

Mrs. W. W. Geach has as house guest this week Mrs. Corson, formerly Miss Louise Cook of Burlington, Iowa. Rev. F. E. Wolfe of Madison, Wis. is a Granville visitor this week, and will be a guest of Beta Theta Pi on Homecoming day—tomorrow.

Mrs. R. W. Soule arrived for the first concert of the music course last night and for the reception to Delta Omicron this afternoon, her visit to extend over two weeks with friends in Granville and Newark. Mr. Soule, who resigned his position on the faculty of Denison Conservatory to sing in opera, will be heard in Newark on the 26th of November.

SCOUTS WILL COMPETE ON ARMISTICE DAY

One year ago next Tuesday, the armistice that ended the actual fighting in the great world war, was signed, and a great celebration was held on that day. There has been no celebration planned in Newark, but the Boy Scouts organization has planned a field day in which all the troops of this city will participate as well as a number of troops from Zanesville. This event will take place at White athletic field at 2 p. m., Tuesday.

"All friends of the boys and any one interested or desiring in some way to celebrate this anniversary of peace, are invited to be present," said Scout Executive K. L. Brown, Friday. "Come out and see this demonstration of the training that these boys are receiving, and find out what scouting is."

Did You Know
 That tennis is a game of great antiquity? It is similar to the "sphairistikos" of the Greeks and the "pilam" of the Romans. Under the name of "paume" it is mentioned in the Arthurian romances and in the earlier records of the dark ages. In the 15th century it was in great vogue in France among all classes and in the 16th century it was played in England under the name of tennis. Many modifications have been introduced from time to time, but tennis is the legitimate descendant of the "paume."

INJUNCTION BATTLE TAKES PLACE SATURDAY

Indianapolis, Nov. 7.—Government officials, headed by C. D. Ames, assistant attorney general who arrived this morning from Washington, today completed their plans for the next step in their fight in the courts to bring about an end to the strike of coal miners throughout the country.

Tomorrow the government's petition asking that the restraining order directed against the officials of the United Mine Workers of America, now in force, be made a temporary restraining order, will be argued in federal court here. In addition the government will ask that a mandatory order to call the strike be issued.

The miners' attorneys, on their part, will argue a motion for dismissal of the government's proceedings on the ground that the government has not shown its interest in the miners' controversy and that it is without equity in the matter. There was no disposition on the part of either miners or government representatives today to concede and point to the opposition. The miners are standing on their declaration that they are willing to reopen negotiations immediately if the restraining order is vacated. The government's legal representatives, on the other hand, have announced they intend to continue with the court program which has been started. The latest word from the attorneys is that they will not consider resuming negotiations unless the miners return to work.

The stoppage of production of coal is beginning to be felt in Indiana and is beginning to curtailment of consumption of water, gas and other service originating from coal utilities has been ordered by the state public service commission for all cities in the state where utilities have less than two weeks supply of coal.

WHOLESALEPAYERS 30 CENTS FOR TURKEY

The poultry market which has been low has been showing slight advances during the past week. A local dealer stated Thursday that turkeys for Thanksgiving will be scarce and the price high. The wholesalers are now paying the farmers 28 to 30 cents a pound for turkeys on foot. Geese are bringing 18 cents there being enough geese to supply the demand but not enough turkeys.

Many Ohio farmers have stopped raising turkeys and the bulk of what will be offered for sale will be shipped from Kentucky and Virginia.

Chickens and ducks are very plentiful. Ducks are quoted at 22 cents a pound wholesale. Spring chickens from 17 to 19 cents and hens at 16 to 20 cents. Dealers are paying the farmers 63 cents a dozen for eggs.

LOSES SON IN FRANCE GIVES THIRD TO ARMY

Mrs. Hyatt yesterday took her son, Edgar A. Hyatt, 18, to the army recruiting office in the postoffice, where she gave her consent to his entering the army service.

Does America Face Industrial Revolution?

Just before the Civil War William H. Seward told the nation that an "irrepressible conflict" was at hand over slavery, and Abraham Lincoln warned the people that their nation could not endure "half slave and half free." So, today, we find editors in both the conservative and radical camps who see unmistakable signs that the conflict between labor and capital can neither be compromised nor arbitrated, but must be fought out, perhaps to a finish. They point to the complete collapse of the President's industrial conference at Washington; to the persistence of the soft coal miners in going ahead with the strike policy which the New York which labor's own leaders have been unable to stop; to the steel strike, in which the United States Steel Corporation welcomed the fight to the finish and seems to be winning it. They also note that President Comper has called together all the labor union heads of the country to take counsel with regard to "grave dangers" which confront labor and are "affecting the very foundations of its structure."

The leading article in The Literary Digest for this week—November 8th—is a summary of public opinion upon labor unrest in America as expressed by journals representing all angles of thought. It will be read with deep interest everywhere. Other striking news-articles in this especially fine number of the "Digest" are:

Since our first experiment a month ago printing the "Digest" from typewritten copy and eliminating our typesetters, an innovation made necessary by their unavailability for "vacation," marked improvements have been made in the appearance of the publication each week. OBITUARY

James A. Seward.
The body of James A. Seward, who died in Tampa, Fla., will arrive in Newark Sunday at noon. The arrangements for the funeral have not been completed, but the service will be held on Monday afternoon at 2 o'clock, Dr. L. C. Sparks officiating.

Mrs. Rachel Musselman.
Rachel Musselman, who was born and reared on a farm near Newark, died October 29, 1919 at McPherson, Kas., at the home of her son-in-law W. J. Young, aged 90 years, 2 weeks and 2 days.

The deceased was born October 13, 1829. She was united in marriage to Thomas J. Bowley, Oct. 23rd, 1849. To this union were born seven children, three sons and four daughters, three of these died in infancy. Her husband Thomas J. Bowley died June 30th, 1865. The only child now surviving is her youngest son Curtis M. Bowley of Pataskala, who with his wife wrote her during her last illness.

She was the last of a family of eight children, six of whom lived more than four score years.

Her parents also lived to an advanced age, her father being 97 years of age and her mother 83 at the time their death.

She had all the experiences of pioneer days, having spent a part of her early married life on the prairies of Illinois, returning in 1860 to her birth place in Newark, where she resided until the year 1889 when she went to McPherson, Kas., to make her home with her daughter the late Mrs. W. J. Young.

In 1866 she united with the Licking Baptist church and later at McPherson, Kas., united with the Baptist church.

Beside her son she leaves eleven grand children and a number of great grand children. Funeral services were held at the Baptist church on Friday afternoon, Oct. 31st, conducted by her pastor Rev. C. T. Wesley and the body was buried in McPherson cemetery.

Davis Fillmore Dowden.
The funeral of Davis F. Dowden was held yesterday from the home at 2 o'clock in the afternoon, the Rev. Dr. L. C. Sparks officiating, and the burial was in Cedar Hill cemetery.

In the passing of Davis F. Dowden, one of the pioneer men in the service of the Baltimore and Ohio at this place has been taken away. He came to Newark from Cumberland, Md., forty years ago, shortly after his marriage, which took place in 1878, and has since resided in this city. A man highly esteemed for his many splendid qualities of true manhood. Faithful in his service to the company for which he worked and to which he gave the best of his life's efforts, he was always at his place of duty giving of his best to make successful what he undertook, and which was assigned to him as his daily duty. A man of high character and good attainments, true to the spirit of manhood he was, in all his dealings with his fellowman, ever mindful of the golden rule and endeavored to do unto others as he would be done by. Without a mark of malice in his nature he was ever mindful of the frailties of mankind and was ready to find good reasons for the actions of his fellowman, and was ever seeing the silver lining to the cloud of sorrow and adversity. In his early life he accepted the Lowly Nazarene as his guide and

mentor and was faithful in his service to the church of his youth and manhood and so long as health permitted he was ever a faithful attendant upon divine services, doing as he thought, with heart and soul was the right and proper thing. Counting everybody as his friend he was the friend of all with whom he was acquainted and everybody had a good word for him, and in his passing many mourn the loss of a good friend and adviser. Owing to his long years of service with the railroad company he became one of the earlier members of the Baltimore and Ohio Veterans Association, and organization in which during his years of active life he was an active member. For some time back, however, he has been suffering from hardening of the arteries and he suffered greatly but was patient through it all, and on Tuesday morning at 2:30 he entered into his reward being survived by his wife and son, W. H. Dowden. His end was peace. 11-7-19

In Loving Remembrance
of our dear wife and mother Mrs. H. R. McGinnis, who entered eternal life Nov. 7th, 1918:

A precious one from us has gone,
A shade is vacant in our home,
Which never can be filled.
God in his wisdom has recalled,
And though the body molder here,
The soul is safe in heaven.
Gone but not forgotten by husband and daughter. 11-7-19

Signs of Age in Hair.
To keep blonde hair at its best you must be particular about shampooing it. Any shampoo containing sulphur or iron should not be used upon light hair. Do not use an egg shampoo as it contains sulphur and will darken the hair. Oils, also, are liable to have a darkening effect upon light hair, so, unless it is absolutely necessary, do not use such things.

Light hair is apt to gradually darken with each succeeding year. One notices as the months go by that their beautiful blonde hair is becoming a shade or darker and that it no longer glows and shines. It is natural that the hair, like every other feature, should show the signs of age. Nature allows it to grow darker in order that it will tone in with the rest of your features.

A good cleansing jelly for the hair is made by scraping a cake of castile soap and putting the scrapings into a clean saucepan with a pint of boiling water. Allow the pan to stand where it will keep warm until the soap is dissolved. It will form a jelly when cold and may be rubbed into the scalp when taking a shampoo. Half a teaspoon of bicarbonate of soda may be added to each tablespoon of the jelly, but if you discover that the soda has a drying effect on the hair, discontinue its use. A few drops of spirits of ammonia added to a basin of water, will brighten the color of the hair, but this, too, has a drying effect, so watch its use carefully. Always, if possible, dry blonde hair in the sun, for artificial heat has a tendency to rob it of its brilliancy and color. Remember that all hair, and particularly light hair, needs light, sun and air as much as the flowers to make it grow healthy and beautiful. Sit out of doors or before an open window and allow the sun and wind to shine on and blow through your tresses as often as you can.

Our Boys and Girls

On the sewing table or other stated place should be kept by every mother a note book with a page devoted to the needs of every member of the family. Such a list is invaluable to the mother of a numerous brood. A glance at the little book shows that Bob's hat and shoes were number nine and that it will need only the phone or a note to the shoe dealer to order a pair and thereby dispense with the need of a trip to town with the child.

Maria wears a number five nightgown and father wears a fifteen collar, all discovered by a glance through the useful little volume, without a vain hunt through various garments or a tiresome jolting of the memory, followed nine times out of ten by a long wait at the exchange desk or a stoic following day.

The Dead Sea is estimated to contain 200 pounds of salts for each ton of water.

SAYS HUSBAND THREW POTATOES INTO CISTERN

An answer and cross petition has been filed in probate court in the case of James Wesley Shepperd against Dora Shepperd by Mrs. Shepperd's attorney, Fletcher S. Scott. In the answer the marriage is admitted as taking place in this city on March 6, 1915.

The cross petition charges that Shepperd is a man of violent temper and that he assaulted Mrs. Shepperd and also failed to provide. That when he married her he brought to the home a pair of blankets and a couch and three young children and the former were taken away later on account of not being paid for. That on one occasion when he had an attack of one of his frequent violent spells he threw two sacks of potatoes in the cistern and Mrs. Shepperd's neighbors to assist her in getting them out.

She states that Shepperd works at Vehrle's and makes \$100 or more per month and she asks that he be enjoined from drawing his pay and his petition be dismissed and that she be granted alimony.

The defendant's cross petition was ordered stricken from the files and the costs were adjudged against defendant.

\$1622 CONTRIBUTED TO T. R. MEMORIAL

Treasurer Warren T. Suter, of the Roosevelt Memorial association, stated today that he had forwarded to the state treasurer of the organization the sum of \$1,622.00 the quota of Licking county being \$2,000. There are a few returns to be made from the county which may increase the amount to \$2,000. Columbus has raised less than one-third of its quota. Treasurer Suter attributed the failure to raise the full quota to the fact that not enough workers or canvassers can be secured to do the work.

RIDENOUR WRECKS LOCK ON CELL DOOR

John Ridenour went on a tear last night and was gathered in by officers of the law shortly after midnight. He had a fighting look but the patrolmen finally got him locked in a cell and he wrenched a board loose and used to demolish the door with the result that it ruined the lock and today it won't work and a locksmith cannot be secured. As a consequence John will have to wait a day or two for trial and in the meantime can ponder over the cruel heartedness of police officials in general and the bad effects booze substitutes have on the human system.

SERVICE MEN WILL HEAR BONUS BILLS

The several bonus bills, for men who were in the service and which are now before congress will be discussed at a meeting of the local post of the American Legion, Wednesday evening, November 12.

The state convention of the Legion at Columbus recently failed to approve of the bonus bills, and the Legion has been censured as a result. In order to get an expression from the men who saw service as to what their sentiments are the bills will be read at the meeting Wednesday evening and a discussion will be had.

In order to get the opinion of all the men, all who saw service, whether they are members of the Legion or not are asked to attend the meeting. Congress is considering these bills and is endeavoring to find what the rank and file want.

In order to get this expression, it was decided at a meeting held last night in the Memorial building to call the meeting for November 12. Reports of various committees were received and acted upon last night.

Wall Street.
New York, Nov. 7.—The uncertain money situation continued to hang over the stock market at the outset of today's trading, first quotations showing a mixture of advances and recessions.

For the most part, however, changes were limited to fractions, the only important exception being some of the motor stocks which rose a point, while several of the active steels were much lower, with shipments. Rubber and chemical issues represented the strong specialties and the low priced rails were again active and firm.

Trading continued to reflect professional pressure during the morning, leaders cancelling their moderate gains while other recent stocks extended their early losses. Steels, equipments, motors and oils recorded extreme declines of 1 to 4 points. Crucible being conspicuous for its reversal of 7 1/2. Pools were active in sympathy with the obscure specialties, American Linseed, General Chemical and Barrett gaining limits and shipping were featured by a brisk rise of 4 1/2 points in Atlantic Gulf. Call loans duplicated yesterday's initial rate of 12 per cent.

Chicago Grain Review.
Chicago, Nov. 7.—The market for grain and a prediction of more led to upturns today in the price of corn.

Opening prices, which ranged from 34 to 2 cents, higher with Dec. 1.33 3-4 to 1.39 1-2 and May 1.30 to 1.31, were followed by a general setback that more than wiped out all the gains.

Oats displayed weakness, owing to change of demand. After opening un-um of 1 1/2 cents, higher, including December at 7 1/2 to 7 3/4, the market hardened a trifle but then underwent a decided sag.

Higher quotations on hogs lifted provisions. Besides, liberal shipments of both of fresh and cured meats were reported.

Cannot Praise this Remedy too Highly

THE WAY ONE LADY FEELS AFTER SUFFERING TWO YEARS

Judging from her letter, the misery and wretchedness endured by Mrs. Charlie Taylor, R. F. D. No. 1, Box 144, Dillon, S. C., must have been terrible. No one, after reading her letter, can continue to doubt the great healing power of PE-RU-NA for troubles due to catarrh or catarrhal conditions in any part of the body. Her letter is an inspiration to every sick and suffering man or woman anywhere. Here it is: "I suffered two years with catarrh of the head, stomach and bowels. Tried two of the best doctors, who gave me up. I then took PE-RU-NA and can truthfully say I am well. When I began to use PE-RU-NA, I weighed one hundred pounds. My weight now is one hundred and fifty. I cannot praise PE-RU-NA too highly, for it was a Godsend to me. I got relief from the first half bottle and twelve bottles cured me. I advise all sufferers to take PE-RU-NA."

As an emergency remedy in the home, there is nothing quite the equal of this reliable, time-tried medicine, PE-RU-NA. Thousands place their sole dependence on it for coughs, colds, stomach and bowel trouble, constipation, rheumatism, pains in the back, side and loins and to prevent the grip and Spanish Flu. To keep the blood pure and maintain bodily strength and robustness, take PE-RU-NA. You can buy PE-RU-NA anywhere in either tablet or liquid form.

THREE DIE IN HOTEL BLAZE

Woman Is Killed When She Leaps From Burning Building—Flames Spread Rapidly.

Atlanta, Ga., Nov. 7.—At least three persons lost their lives and nearly a score injured, some seriously, in a fire in the Wilson Hotel here early this morning. Damage to the building at Peach Tree and Walton streets in the downtown section, was confined to the interior. Scores of men and women were rescued.

One of the dead was a woman who leaped to the street before the firemen arrived. Fire Chief Cody said he feared more bodies might be found in the building.

The fire apparently broke out in the second story of the three story building, the ground floor of which is occupied by stores and a moving picture theater. Great damage was done to the interior of the hotel. The loss had not been estimated early today nor had the cause been determined.

The flames when discovered had burst out the windows along the side of the building and five minutes later were sucked up toward the roof. By the time the firemen arrived scores of men and women were hanging out of windows screaming for help. One woman leaped to her death but the others who escaped the flames were brought down on fire ladders.

The injured were rushed to the city hospital where it was said two or three might die.

MAY CUT TRAINS TO CONSERVE COAL SUPPLY

Chicago, Nov. 7.—Curtailling of passenger train service, discontinuance of bunkering of foreign owned vessels at American ports, restriction in some places of the use of public utilities and appeals from various cities where the striking 425,000 bituminous coal miners today rounded its first week gave the nation further indications of the distress should there be a further discontinuance of coal mining.

Other arrangements of the country routine was expected today, with little change in the general conditions surrounding the strike itself.

To the states already suffering from a coal shortage, Kansas, Nebraska, Alabama and Iowa, today was added Oklahoma. "Following the first law of nature, which is self preservation, and take any coal you can get your hands on," was the reply of Governor J. B. A. Robertson of Oklahoma, to one county's appeal for aid. While it officially was announced by the director general of railroads that no general curtailment of train service was contemplated, sixty-six trains today had been annulled in the central west. Regional directors had orders to eliminate service where absolutely necessary in the public interest.

West Virginia operators reported 44 mines in union districts being worked and a slight increase in production also was reported by Colorado mine operators. New Mexico producers said but half the miners normally employed were on strike.

WHITE BUYS THIRD STREET BUILDING

The Thomas Evans room in Third street, occupied by the Jones & Wesson shoe store, has been purchased by Robert A. White, the transfer being made this afternoon. The consideration was not named. The property is one of the valuable business blocks in Third street being three-story brick and the second and third floors being occupied as apartments. There will be no change in the tenants with the exception that Mr. and Mrs. White will occupy the first floor having lately sold their West Church street home.

OLD GUARD MEMORIAL TO BE HELD SUNDAY

The members of the W. R. C. Camp 25, daughters of Veterans and all other patriotic organizations interested in the veterans of the world war have been invited to attend the service.

SENATE DISPOSES OF ALL TREATY AMENDMENTS

Washington, Nov. 7.—All pending amendments to the peace treaty out of the way, the fourteen foreign relations committee reservations and preamble were before the senate today for action. The treaty line up of senators was expected to be altered when the reservations were brought up as some of those who have been favoring amendments have expressed opposition to reservations while amendment opponents were known to look with favor upon some of the reservations.

Prospects for a final vote on ratification of the treaty remained vague. At yesterday's session the senate was brought to its feet during a parliamentary tilt between senate leaders, each of whom seemed eager for an immediate roll call on unqualified ratification. The crisis soon was passed, however, when Republican senators objected to the procedure on the ground that it might prevent a later attempt to put reservations into the ratification agreement and the senate subsided into routine discussion of the reservations.

DYNAMITE DOESN'T EXPLODE

Youngstown, Nov. 7.—An attempt was made early today to dynamite the home of Joseph Anazolem, meat dealer here, who had received letters threatening death unless he put \$6,000 in a designated place. A stick of dynamite was placed beside the house but a fuse was used without a percussion cap and the explosive burned instead of exploding.

SAYS SUCCESS EVIDENCED IN MANY RESPECTS

"Trutona Helped Me In More Ways Than One" Mrs. Flemings As- serts.

Ironton, Ohio, Nov. 6.—Mrs. Rozzie Flemings is among the well known and highly respected residents of Ironton who are today publicly offering praise for Trutona, the perfect tonic. Mrs. Flemings says:

"I was suffering from nervousness and stomach trouble. I didn't eat much and the little food I ate didn't digest properly. I was usually constipated. A heavy feeling in my stomach almost invariably followed my meals. I was so nervous I couldn't sleep or rest well at night."

"Trutona has helped me in more ways than one. My appetite is a great deal better now and I thoroughly enjoy the food I eat. I've gotten rid of the heavy annoying feeling in my stomach and I'm able to rest better at night now. Trutona is the best medicine for constipation that I've ever taken. It is alone worth the price in this respect. It is so mild and pleasant in action. I feel better all over, since taking Trutona and I'm sure it will do others a lot of good."

Trutona is now being introduced and explained in Newark at Elman's Arcade Drug Store.—Adv.

CUT THIS OUT

Old English Recipe for Catarrh, Catarrhal Deafness and Head Noises.

If you know of someone who is troubled with Catarrhal Deafness, head noises or ordinary catarrh, cut out this formula and hand it to them and you may have been the means of saving some poor sufferer perhaps from total deafness. In England scientists for a long time past have recognized that catarrh is a constitutional disease and necessarily requires constitutional treatment.

Sprays, inhalers and nose douches are liable to irritate the delicate air passages and force the disease into the middle ear which frequently means total deafness, or else the disease may be driven down the air passages towards the lungs which is equally as dangerous. The following formula which is used extensively in the damp English climate is a constitutional treatment and should prove especially efficacious to sufferers here who live under more favorable climate conditions.

Secure from your druggist 1 ounce of Peppermint (Double strength). Take this home and add to it 1/4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. This will often bring quick relief from distressing head noises. Clogged nostrils should open, breathing become easy and hearing improve as the inflammation in the eustachian tubes is reduced. Peppermint used in this way acts directly upon the blood and mucous surfaces of the system and has a tonic action that helps to obtain the desired results. The preparation is easy to make, costs little and is pleasant to take. Every person who has catarrh or head noises or is hard of hearing should give this treatment a trial.

25 POUND EXPRESS PACKAGES TO BE BOXED

Steps were taken today by Agent P. W. Faust, in charge of the city express office, to prepare for the new express packing requirements, which go into effect on December 10. He has been advising express shippers to study the new rules, which have been approved by the United States railroad administration, so that they may be able to adjust their packing methods to the forthcoming new standards.

Under the new regulations, all shipments sent by express weighing 25 pounds or more must be packed in wooden containers, or cartons of fibre board, pulpboard or corrugated strawboard material, of specified "test strength." This means, according to Agent P. W. Faust, that after December 10, packages over the 25 pound limit will not be accepted by the express company, if only paper wrapped. Nor will ordinary paper boxes, wrapped or unwrapped, be accepted as suitable protection for these heavier shipments. The regulations, however, do not affect shipments under 25 pounds.

Oskaloosa, Iowa.—"For years I was simply in misery from a weakness and awful pains—and nothing seemed to do me any good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and got relief right away. I can certainly recommend this valuable medicine to other women who suffer, for it has done such good work for me and I know it will help others if they will give it a fair trial."

MINOR DISORDERS IN STEEL STRIKE

Youngstown, Nov. 7.—Minor disturbances broke out in widely separated parts of the city today in connection with the steel strike. Twelve women were arrested in East Youngstown after they had marched up and down the streets and attempted to prevent workmen entering the Youngstown Sheet and Tube company plant. No pepper was thrown as in previous riots of women there. A street car was bombarded by a mob but no one was seriously hurt.

Other disturbances included: A workman beaten while on his way to a mill; picket stabbed by negro workman whom he accosted; another negro held for carrying a knife; picket arrested after entering the Carnegie Steel company plant and attempting to persuade workmen to come out; a striker jailed for assault; five men arrested for carrying concealed weapons. A street car carrying men to the Republic Iron and Steel company and the Youngstown Sheet and Tube company was bombarded with bricks, several passengers being cut by flying glass. A passenger fired three shots into the air, it is said, dispersing the mob before police arrived.

The Republic Iron and Steel was reported resumption of operation of its plate mill while the Ohio mills of the Carnegie Steel company announced the blowing in of another blast furnace, making four of its stacks in operation.

He left Friday evening and has been tracked to the Utica pavement where he was lost. He wore a brown suit and a light cap. He is reticent about asking for food but may have asked for work. Any information concerning him are asked to notify the Tulloss home, 118-A on the Utica exchange.

DARK HORSE HINTED IN BILLIARD MATCH

Cleveland, Nov. 7.—Pierre Maupome of Milwaukee and Cliff Denton of Kansas City, will meet tonight in what is expected to prove the most exciting contests of today's program of the tournament. Maupome, champion of the tournament of America, is known as the "dark horse" of the tournament.

The afternoon program calls for matches between Jess Lean of Cincinnati and Hugh Heil of Toledo and Clarence Jackson of Detroit against Otto Retselt of Chicago.

R. L. Cammefax of New York, title holder and Charles Otis of Brooklyn, last night's losers, also are matched for tonight.

FEARED DISORDER IN VIRGINIA ELECTION

Richmond, Nov. 7.—Policemen sent from this city to Cumberland to help quell a threatened outbreak between political factions, returned late last night with the report that no disorder had occurred. Request for the officers it was said, was made by County Judge Huntley, who feared an outbreak on completion of the count of the votes from Tuesday's election for county clerk. Less than 20 votes separated the two candidates and on recount of the ballots it was reported some of the men were among themselves. The judges placed the county courthouse under guard and telegraphed Richmond for assistance in maintaining order.

ADVENTISTS CONDUCT SPECIAL MEETINGS

In putting on special meetings Sunday nights, the Seventh Day Adventists will give careful study to some very inspiring subjects. Next Sunday evening at their church in North Sixth street, between Main and Church streets, the pastor lectures on the subject, "Crash of World Empires. What Form of Government is to Succeed Them?" The replica of Nebuchadnezzar's giant image, as used by the speaker, is not only an interesting illustration but it impresses the audience that the scenes enacted in the days of ancient Babylon pointed to this day when the people are to see their glorious fulfillment. An invitation is extended to the public.

AUDITORIUM
Singing With Pictures.

The Auditorium Saturday and Sunday will offer in conjunction with its regular picture program, Mr. Earle Transue, the distinguished tenor, who will also miniature song recitals. The leading theaters in New York, Boston, Chicago and other cities have established the custom of having song recitals in connection with their picture programs, and the plan has proved popular with the public.

Mr. Transue, who is concrete East is heralded as one of the greatest singers of the younger generation of singers and has been engaged in concert for a

flock to "waste his substance in riotous living" in Jerusalem. When Mr. Beach began rehearsing "The Wanderer," he found that the sheep needed training, and as they refused to believe except under his careful coaching, he had the whole flock removed to his country home near New York, where he spent an entire summer coaching them to follow him and go through various "stunts."

A "Perfect 36."

It seems as though a modern Venus can be made quite common in those wonderful days of 1919-1920 and a perfect figure is not such a difficult thing

ARTHUR AYLESWORTH AND ANTOINETTE ROCHE in "SHE WALKED IN HER SLEEP" AUDITORIUM, TUESDAY, NOV. 11.

number of years. He is characterized to obtain. Here is a girl who admits by the "Now Era" of Lancaster, Pa., as that she has a beautiful figure and one of America's foremost tenors, Ed Bennett in "Fuss and Feathers," a Paramount feature, with a clever cast of three, "She Walked in Her Sleep," players is the picture program. The showings tomorrow as usual are continuous but Mr. Transue will be heard but once in the afternoon and twice in the evening.

The Trembling Hour.

"The Trembling Hour," an example of what may be expected of "fewer and better" pictures, will be screened at Manager Fenberg's Auditorium on Sunday. The management believes it is offering a photograph in this special production which will please everyone who enjoys the mystery picture at its best. Especially will it recommend itself to those who like pictures where the outcome is difficult to foresee and where there is a logical reason for everything which is done in building to a picture climax. Fenberg says he will guarantee that "The Trembling Hour" will "hold water." It's a crook story and one with snap from start to finish. A comedy, Pathé News and a Miniature Song Recital are extra added features.

The Heart of Wexona.

Norma Talmadge, the beautiful Select star, will be presented by Joseph M. Schenck in her latest Select Picture, "The Heart of Wexona," at the Auditorium theater on Monday and Wednesday. This is an Indian story by George Scarborough. The scenario was written by Mary Murillo and it was directed by Sidney A. Franklin.

The story begins when Quannah, chief of a tribe of Comanche Indians, learns that his daughter, Wexona, has been wronged by a white man. Wexona's mother was a white woman and Wexona has been brought up as a white girl.

The Comanches decide to seek vengeance. They will find the man who has wronged the daughter of the chief of their tribe and put him to death. Wexona refuses to tell the name of her lover. All she will tell her father is that he is a white man.

Pathé News is also seen.

The Wanderer.

When David Belasco attained immortal fame as the greatest stage dramatist of his century, he little dreamed that his exceptional talent would ever be required for the purpose of training sheep. Actors, of course, and actresses have quipped training under his experienced direction, but until the production of "The Wanderer," the big Biblical spectacle which P. Ray Comstock and Morris Gest will present at Auditorium theater for two days soon, Mr. Belasco was never called upon to exercise his inventive genius training sheep.

In "The Wanderer" a flock of 50 real sheep are used in the scene showing ancient Palestine and the Holy Land of the time of King Solomon. These are tended by Jether, the young man who becomes the prodigal son of the Biblical parable, when he deserts his

of physical outdoor exercise, and codices of fresh air and lots of fresh water and common sense tell them that if they follow my advice they can possess themselves of a figure which will outshine Venus. I do not care what argument one may use for I have proven to my own satisfaction that with a conscientious effort on the part of any woman along these lines, she can develop herself to a marvelous extent. I am happy in the fact that I was chosen from among three hundred or more blends of all types to portray the character of Dabone, the sleep-walker in "She Walked in Her Sleep" and as the part called for a "perfect figure" you may be sure that I was thoroughly sized up, measured and, after donning several costumes, I was selected to portray the

character. It would be a pleasure for me to advise any girl how to improve not only her figure but herself physically and I am sure that I can suggest a way to alter your defects. My figure was not always what it is today for I had defects which I speedily remedied. A girl's appearance goes a long way in helping her through the world and it helped me to a nice, big salary.

Miss Hammond will be seen in the remarkable role of Dabone in Mark Swan's latest comedy, "She Walked in Her Sleep," which will be the current attraction at the Auditorium next Tuesday evening.

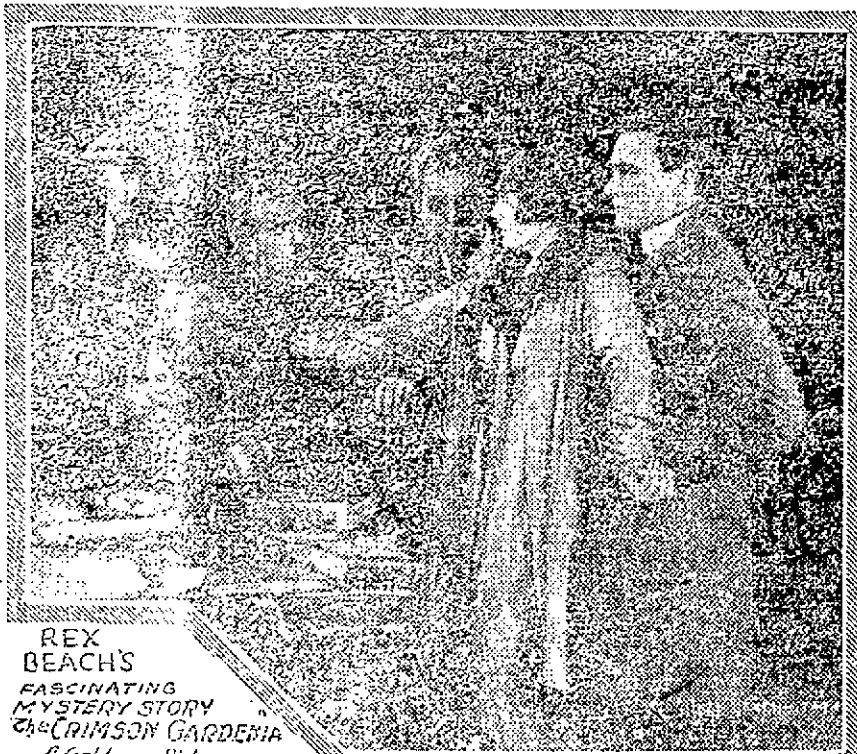

Fuss and Feathers.

If you were the daughter of a prospector who had struck it rich, would you hire an instructor in deportment? Would you feel aggrieved if you were snubbed in society because of your uncouth manners and lack of education? These were the questions Susie Baldwin was called upon to answer after her father had made a "lucky strike" in Starveout Camp, and how she answered them is revealed by Ed Bennett in "Fuss and Feathers," her latest Thomas H. Ince-Paramount picture which will be shown at the Auditorium Saturday.

ALHAMBRA.

"The Crimson Gardenia." Rex Beach's newest novel to be given to the cinema by Goldwyn when it comes to the Alhambra theater today and admirers of the American author will be astonished at an unexpected phase of his story-telling genius.

"The Crimson Gardenia" transpires in New Orleans at the height of the Mardi Gras. Roland Van Dam (Owen Moore) separates himself from his sight-seeing friends determined to seek

Each unaware of who the other is, the young people fall in love while their meeting is observed by members of a lawless gang. The criminals also think Madelon's companion is her cousin. He is a fugitive from justice and is thought to have betrayed secrets which will lead to the apprehension of the gang. When finally the real cousin appears he is strangled by his pursuers. JUMPS FROM BED EVERY MORNING READY FOR WORK

Zanesville Blacksmith Claims His Strength Is Greater and His Work Does Not Tire Him Down Since He Took Dreco.

Had Bad Cough, Weak, No Appetite, Constipated, Stomach All Wrong, Sluggish Liver and Weak Kidneys. Things Are Different Now.

"I jump out of bed every morning now feeling fine and ready for a hard day's work, and my work does not tire me down like it once did," says Mr. Charles Shaffer, the well-known blacksmith of Clover street, 7th Ward, Zanesville, O.

"I am 38 years old and thought I was worn out and would never feel right again. My kidneys bothered me day and night, liver was sluggish, my food did me no good, but lay in my stomach and soured, forming gas that swelled me up. My bowels were constipated and I had to take some medicine for them nearly every night; dizzy spells hit me sometimes and I would have to quit whatever I was doing. I got nervous and could not sleep, but would roll from one side of the bed to the other; I was growing weak all the time, and was discouraged.

"But things are different now since I have been taking Dreco all my troubles are very much improved. I feel younger and stronger, even my friends notice the change in my condition and ask what I have been doing, and I always explain about this great medicine Dreco, for it has done me worlds of good, and I am glad of a chance to publicly praise it.

Dreco is made from the juices and roots of many herbarial plants which act on the stomach, kidneys, liver, bowels, and the blood to strengthen them and restore to full normal action.

All good druggists now sell Dreco and it is highly recommended in Newark by Evans' Cut-Rate Drug Store.—Adv.

AMUSEMENTS

(Continued From Page 8)

successes. "Get-Rich Quick Wallingford" is Hale Hamilton's new picture play, a peppy comedy drama, called "The Four Flushers" in which he will appear at the Alhambra theater Sunday next.

The role portrayed by the forceful young Metro star, that of Lon Whittier, a young New Yorker who puts on a big front in a daring bid for a big contract, is very similar to that made famous by him in the sensational stage success in which he was seen in all quarters of the city.

Different from either "After His Own Heart," "Five Thousand an Hour," or even "Full 'N' Pep" is this newest vehicle of Hamilton's which is an original story written especially for him by Izola Forrester and Mann Page.

It is a breezy, powerful tale of finance, generously sprinkled throughout with gripping adventure and a beautiful love theme, produced under the direction of Harry L. Franklin at the Metro studios in an atmosphere of luxury and wealth. Supporting Mr. Hamilton in "The Four Flushers" are Ruth Stonehouse, Louis Fitzroy, Harry Holden, Ralph Bell, Herbert Badger, Frederic Malatesta and Effie Conley.

"The Song of Songs," D'ise Ferguson, that delightful Paramount star, is to be screened at the Alhambra for two days, commencing Monday in one of her best pictures. "The Song of Songs" This feature wherever seen has created a profound sensation and no doubt large houses will see her the coming week at Mr. Fenberg's Alhambra. Eray's Pictograph, also a comedy, is also promised.

GRAND
The Open Road.
"The Open Road" is a moving picture film that has been put on the market by the United States Government at Washington for the purpose of showing the advantages of good roads, in the country and urging a universal effort on the part of the general public to build better roads. It is shown that the warring forces of Europe were better able to move armies and supplies by reason of good roads. This film which was ordered by Manager Boek of the Grand theater several weeks ago arrived yesterday and is being shown at the Grand today only.

There is a big quadruple bill being shown for today only at the Grand. The feature picture is A Select film entitled "Break The News to Mother," featuring Gertrude Berkely. There is also being shown the Famous Kinograms pictorial newspaper pictures, Billy West in his newest Comedy "Out of Tune," and the government educational picture "Open Roads."

Saturday comes Billy Duncan in "Smashing Barriers," Fay Tincher in her new comedy "Rowdy Ann," and Harold Lloyd in "He Leads, Others Follow."

LYRIC.
The bill changes at the Lyric theater this evening to "Merely Mary Ann," the best sketch in the Hickie Bros. schedule. The troupe has been doing a splendid business this week, due to the very pleasing quality of the entertainments given. This same bill continues Saturday afternoon and evening.

AT THE HARTMAN.
Opening at the Hartman theater, Columbus, next Monday night, "Chu Chin Chow" brings to the theater lovers of the middle west something entirely new and delightful for their consideration. It is without a question of a doubt the most marvelous piece of spectacular staging ever attempted and it reflects the genius of Oscar Asche, its producer and creator in London, where the play has had a run of four uninterrupted years. The production has a cast of 300 people and among its splendid features are the 14 scenes of delight in ancient Baghdad, its dozen ballets latent with haunting recollections and its operatic score of lilting melodies, not to mention the galaxy of feminine beauties.

"Chu Chin Chow" has just completed a second engagement at the Century theater, New York, where it ran for a year previously, and it comes to Columbus almost direct from its metropolitan engagement, with the original cast intact. The play is based on the delightful Arabian Nights tale of Ali Baba and the robber chieftain, Abu Hassan. Matinees Wednesday and Saturday.

Coming to the Hartman Monday night, Nov. 17, for a week's engagement, is "The Wanderer," that much talked-of and long-awaited play based on the Biblical story of the Prodigal Son.

SALEM IS FIRST TO GET RED CROSS QUOTA

Cleveland, Nov. 7.—Salem, Ohio, is the first town to go over the top in the Luke Division in the third Red Cross roll call, with an extra enrollment of 300 members.

Cities in Ohio, Indiana and Kentucky are competing to be among the first to report one hundred percent of the quota obtained. The leaders in the race, according to figures today at headquarters here, are Toledo, Indianapolis, Cincinnati and Louisville. Toledo claims to be halfway over its quota of 90,000 members.

Today is Junior Red Cross Day in the nation. Tomorrow collectors will concentrate on the business men. Monday every man woman and child not already wearing a 1920 Red Cross button will be asked to join. By Tuesday Armistice Day and the last day of the campaign, the Red Cross hopes to have attained its quota of 1,500,000 members in Ohio and twenty million in the nation.

DRYS CLAIM VICTORY IN KENTUCKY ELECTION

Louisville, Ky., Nov. 7.—Although unofficial returns on Tuesday's balloting on the state-wide prohibition amendment from 84 of the 120 counties of the state indicate a majority of 564 votes against the amendment, Kentucky anti-temperance league officers predicted today that returns from the remaining 36 counties would wipe out this figure and register a "dry" majority of 5,000 votes. They said they had no doubt that the amendment would carry "as those counties not heard from are unanimously dry."

On the 36 counties showing complete unofficial returns out of the 120 in the state 23 gave a wet majority of 32,847 while the remaining 61 gave a majority of 32,283 for the amendment.

FIND ILLICIT STILL RUN BY FOREIGNERS

Alliance, Nov. 7.—An illicit still conducted by foreigners at 235 North Mahoning avenue, east side, was raided by officers last night. The outfit found consisted of an 18-gallon copper still with three barrels, 150 gallons of lemon mash.

The men Sam Toporan, Joe Bostich, Joe Holzar and Joe Hous were taken to Sebring where they are held awaiting federal action, the location of the still being in Mahoning county.

E. S. Rudy Thinks a Second Bottle of Nerv-Worth Will Cure Him Entirely.

The author of this statement is one of that very large class of thankful Nerv-Worth users who want their remarks printed so that friends and neighbors may take the Nerv-Worth way to health as they did. Mark what he wrote to the Nerv-Worth druggist at Martinsburg, W. Va.:

"E. C. Shepherd—After suffering for about a year with a nervous breakdown and trying several kinds of medicine, I bought a bottle of Nerv-Worth and I am very much better and I think one more bottle will cure me entirely. You can publish this so it can do others like it did me."

OPTIMISM IS THE SECRET OF SUCCESS. WITH SOME OF HIS GIFT, OTHERS HAVE TO CULTIVATE IT. Of course you know that a pessimist can only see the hole in a doughnut and the optimist sees the ring around the hole. It is claimed by scientists who have examined many subjects that eighty-seven per cent of all pessimists suffer from hyperopia, myopia or astigmatism. You may have eyestrain and not know it. Better consult O. P. Cook, Warden Hotel Block. He will help you to see the whole doughnut. 11-5-7.
